

## Summer School for Teachers

Preparation  
Course for the  
*TOEFL IBT*® Test

## English Book Experience

We have been working in the education field since 2007, and teaching training has always been our priority. We believe that teacher training is something more than just another boring session.

We conduct hundreds of teacher training workshops, seminars, ELT conferences and author talks throughout Georgia. We meet so many wonderful English language teachers, professors, lectures, etc. who only think about how they can improve their effectiveness in classrooms, and who put the student front and centre of their focus. Our conferences, workshops, seminars and courses give an opportunity to maintain lifelong connections with English language teachers you meet at our events. It is an invaluable tool for networking with different schools, universities, international publishers, and our very own staff members. It is a great way to learn what is happening in the field of education worldwide.

It is our hope that our events can be the spark for a mutually enriching relationship between ourselves at English Book Education and You.
