# TOEFL® Connect Portal

<https://www.toeflconnect.org/#/login>

The screenshot shows the TOEFL Connect Portal homepage. At the top left is the ETS TOEFL logo. To the right are navigation links: Home, Account, My TOEFL ITP Referrals, and a notification bell. The main heading reads "Welcome to the TOEFL® Connect Portal". Below this, the page is divided into three main sections: "Featured Content", "Forums", and "Program Materials".

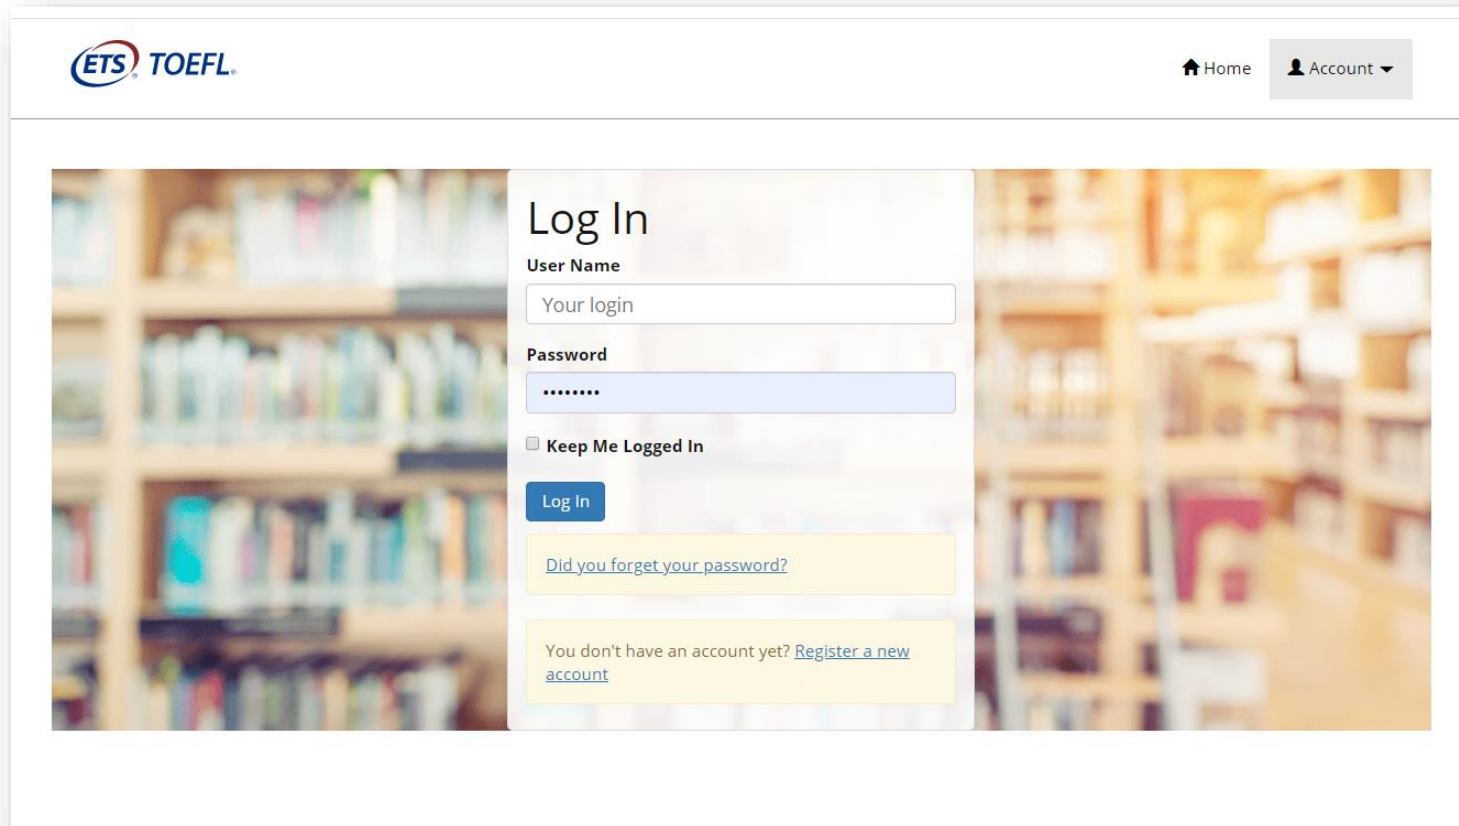

**Featured Content:** A large banner for TOEFL Primary features the text: "The TOEFL Primary® tests are helping Colegio Bilbao's P-12 English program drive continuous improvement in both teaching and learning." Below the banner is a "TOEFL Primary Case Study" link. At the bottom of this section are three smaller thumbnails: "Welcome to the TOEFL Connect Portal", "TOEFL Connect Portal Frequently Asked Questions (FAQ)", and "The TOEFL ITP® Assessments Teacher Workshops: Tools and Techniques for Your Classroom". A "View Content Archive" link and navigation arrows are also present.

**Forums:** This section contains four icons representing different forum topics: "Tools & Techniques" (wrench icon), "What's New" (lightbulb icon), "Using TOEFL Scores" (cubes icon), and "Testing & Administration" (document icon).

**Program Materials:** This section is currently empty.

# The *TOEFL ITP*<sup>®</sup> tests are MORE than just tests!

They are a tool that...

- Empowers the **teacher** and the institution providing data needed to make decisions
- Helps **institutions** improve teaching effectiveness with confidence
- Gives **students** more scholarship and admission opportunities

# The *TOEFL ITP*® tests give teachers and institutions **MORE flexibility and convenience.**

- Test throughout the year with multiple test forms
- Test groups of any size
- Set your own test dates and times
- Measure progress using multiple test forms

# Digitally Delivered Versions of the *TOEFL ITP*<sup>®</sup> Tests

- **The digital tests** have the same test design, content, structure, CEFR mapping, score reporting, preparation resources and examinee handbook as the **PBT tests**

- **The tests** are available in **institutional programme sessions**
- **Remote Proctoring** is available

- **All the *TOEFL ITP*<sup>®</sup> tests** are offered digitally on **computer or iPads**, delivered through the ***TOEFL*<sup>®</sup> Program Workshop**

# The *TOEFL ITP*<sup>®</sup> tests offer teachers, institutions and students the options needed to support their goals and objectives.

- **Placement** in intensive English-Language programs requiring academic English proficiency at a college or graduate level
- **Progress** monitoring in English-language programs stressing academic English proficiency
- **Exiting** English-Language programs by demonstrating proficiency in English listening and reading
- **Skill building** and **preparation** for the *TOEFL iBT*<sup>®</sup> Test
- **Admissions** to short-term, non-degree programs and collaborative international degree programs
- **Scholarships** programs, as contributing documentation for academic English proficiency

*Note: The TOEFL ITP<sup>®</sup> tests should not be used in place of the TOEFL iBT<sup>®</sup> test for high-stakes decisions.*

# The benefits of digital testing include:

Receiving an immediate score and roster report\*

A paperless option: avoid handling paper tests

Cost savings: materials, shipping

Test the exact number of students needed

\* Please note that the electronic results are considered unofficial. However, the numeric grades received will not change from the official report. The official reports will be sent by post to the institutions which then disseminate to the test takers

READING  
Question 2 of 50

00:54:34

Perpetual-motion devices are probably the best known of such **impossible** machines. For more than fifteen hundred years, inventors have offered plans for, and actually built, machines that given proper construction, materials, and lubrication were supposed to operate forever. Such devices were often expected to do useful work and to generate more energy than was required merely to keep them running.

The classic version of a perpetual-motion device is a wheel that spins continuously upon its axle without the aid of an external power source. A self-moving wheel is described in the ancient South Asian treatise *Siddhanta-Ciromani* (A.D. 400–450), and a thirteenth-century illustration of one appears in the sketchbook of Villard de Honnecourt of France. In Villard’s device an uneven number of mallets hang loosely from the rim of a vertically mounted wheel. They are spaced so that the wheel is constantly unbalanced and therefore always moving.

The European Renaissance, which first witnessed so many other manifestations of technological fantasy, was a popular time for the invention of perpetual-motion devices. Often quite elaborate in conception, these might utilize water, air, or the force of gravity, and all were designed as closed cycle operations; for example, the energy generated by a continuous stream of water flowing over a waterwheel would be used to power the pump that lifted the water up to the waterwheel, and so on endlessly. Along with unceasing motion, some inventors also promised the production of excess energy that could be used to run the machinery in a flour mill or serve some other useful purpose. The promise of the boon to humankind of unlimited free power combined with the tremendous challenge of getting the device to work in the first place made perpetual motion an exciting venture for many technologists.

The author calls some machines “**impossible**” because they

- Ⓐ cannot be controlled by anyone
- Ⓑ are too complicated to build
- Ⓒ require materials that are too expensive to be practical
- Ⓓ are inconsistent with the basic laws of science

# The *TOEFL ITP*<sup>®</sup> tests provide teachers and institutions with flexibility and a strong foundation with which to measure their students' English skills.

Offers two proficiency levels so clients can administer the tests to all their students regardless of their English learning level

- ✓ Level 1 – Intermediate to advanced
- ✓ Level 2 – High beginner to intermediate

# The *TOEFL ITP*<sup>®</sup> Level 1

- **Level 1** evaluates skills in three areas (**140 Questions | 115 Minutes**)  
to obtain a comprehensive measurement of the students' English ability
  - ✓ **Reading** Comprehension (50 Questions | 55 Minutes)
  - ✓ **Listening** Comprehension (50 Questions | 35 Minutes)
  - ✓ **Structure and Written Expression** (40 Questions | 25 Minutes)
- **Level 1** maps to the CEFR range **A2-C1** to align to the global standard of measurement

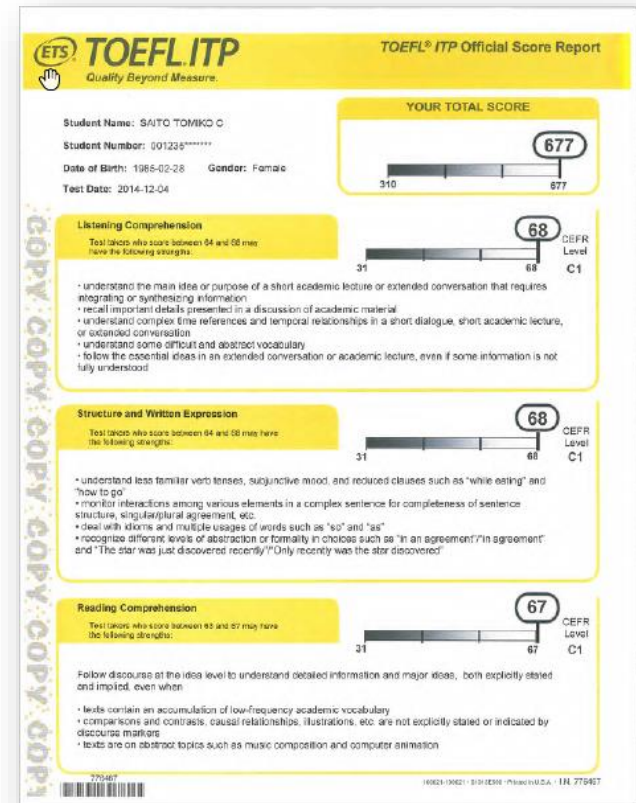

# The *TOEFL ITP*<sup>®</sup> Level 2

- **Level 2** evaluates skills in three areas (**95 Questions | 70 Minutes**) to obtain a comprehensive measurement of your students' English ability
  - ✓ **Reading** Comprehension (40 Questions | 31 Minutes)
  - ✓ **Listening** Comprehension (30 Questions | 22 Minutes)
  - ✓ **Structure and Written Expression** (25 Questions | 17 Minutes)
- **Level 2** maps to the CEFR range **A2-B1** to align to the global standard of measurement

# The *TOEFL ITP*<sup>®</sup> Tests provides detailed score reports to help better assess a student's progress.

- Students receive three section scores (with performance descriptors and CEFR score) and a total test score to clearly define performance
- Score reports provide sub-score data so instructors can better evaluate student learning
- Scores are provided fast after receiving answer sheets so adjustments to curriculum can be made, as needed

### System Check

Run the System Check to identify potential issues with this device or Internet connection. This check also verifies this device meets the minimum system requirements needed to run the test.

[Run System Check](#)

### Evaluate Network

Launch the Test Simulation on multiple devices at the same time to simulate the network traffic of several test takers at your institution. We recommend coordinating the verification process with your IT staff so they can monitor network performance during the exercise.

[Run Test Simulation](#)

### Advanced Readiness and Troubleshooting

[Test Delivery Check](#) Run the Test Delivery Check to take a test. This test includes samples of each question type to verify this device will deliver the test.

[Bandwidth Check](#) Run the Bandwidth Check to sample your Internet connection speeds over a period of time to see how your available bandwidth fluctuates throughout the day.

# Once the system check is passed, download the Click Once Secure Browser

### ClickOnce Secure Browser for Windows

The ClickOnce secure browser is a locked down version of an Internet Browser that does not allow access to any other programs. Administrator rights are not needed to install the Windows browser. The Secure Browser must be installed on the devices that will be using it.

1. Click the "Download" button.
2. Depending on your browser and settings, one of the following will happen when downloading the secure browser install file
  1. Your browser will automatically download the secure browser install file to your "downloads" folder on your device. To access your downloads folder, open any folder on your device and the "downloads" folder will be listed on the left hand side bar.
  2. Your browser will prompt you to run or save the secure browser install file. You may do either.
3. Launch the install file. The secure browser will then prompt you to install the file.
4. Click Install.
5. The secure browser will install itself on your device and a shortcut will be placed on your desktop.
6. After the secure browser has been successfully installed you will no longer need the install file if it was saved after clicking the download button. Use the shortcut to launch the secure browser.

# Launching the test

## General Directions

This is a test of your ability to understand and use the English language. The test is divided into three sections, and each section or part of a section begins with a set of specific directions. The directions include sample questions. Before you begin to work on a section or part, be sure that you understand what you will need to do.

You should work quickly but carefully. Do not spend too much time on any one question. Once you begin a new section, you may **not** return to the section that you have left.

You will find that some of the questions are more difficult than others, but you should try to answer every one. Your score will be based on the number of **correct** answers you give. If you are not sure of the correct answer to a question, make the best guess you can. You will benefit by answering every question, even if you have to guess the answer.

TOEFL ITP Score Descriptions: To help you interpret the scores, a Common European Framework of Reference (CEFR) mapping study was conducted in 2013 and a score description study in 2014. Results of the CEFR mapping provide the minimum TOEFL ITP section scores for four of the levels defined in the CEFR (A2, B1, B2, and C1). The 2014 score descriptions by section are designed to provide more accurate information on the true meaning of TOEFL ITP test scores, which will provide institutions, teachers, and test takers with a better understanding of students' English language proficiency, including areas of strength and areas that need improvement.

**ETS TOEFL ITP** Quality Beyond Measure.

### Get more flexibility with the new TOEFL ITP® Digital Tests!

The same tests you trust, now available in digital format.

The TOEFL ITP® tests now offer the option of administering the assessments through digital or paper-based testing — giving you the flexibility to have immediate access to score and roster reports electronically.

The benefits of digital testing include:

- **Receiving an immediate score and roster report\*** — View students' scores right after the test, which will be the same scores that appear on the official score report
- **A paperless option** — Avoid handling paper tests
- **Test the exact number of students you need** — Avoid ordering extra tests
- **Cost savings** — Save on paper and material shipping fees, and only order the tests you need

**Why choose the TOEFL ITP tests for your students?**  
These tests can be a valuable tool for your students and are:

- Valid and reliable tests
- 100 percent academic
- Globally used
- Prepare your students for the next step

Before choosing the digital tests as an option, make sure your school's network can support the platform and meets minimum system requirements:

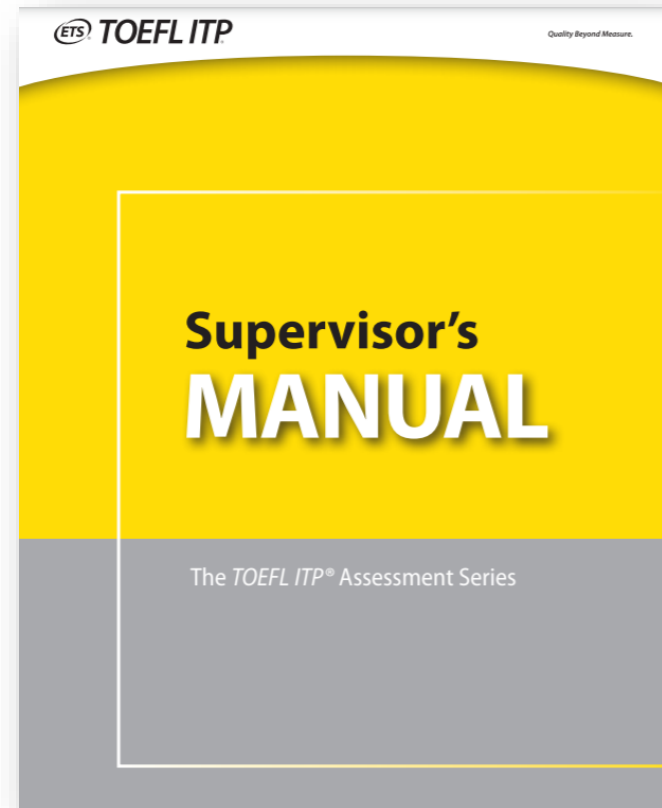

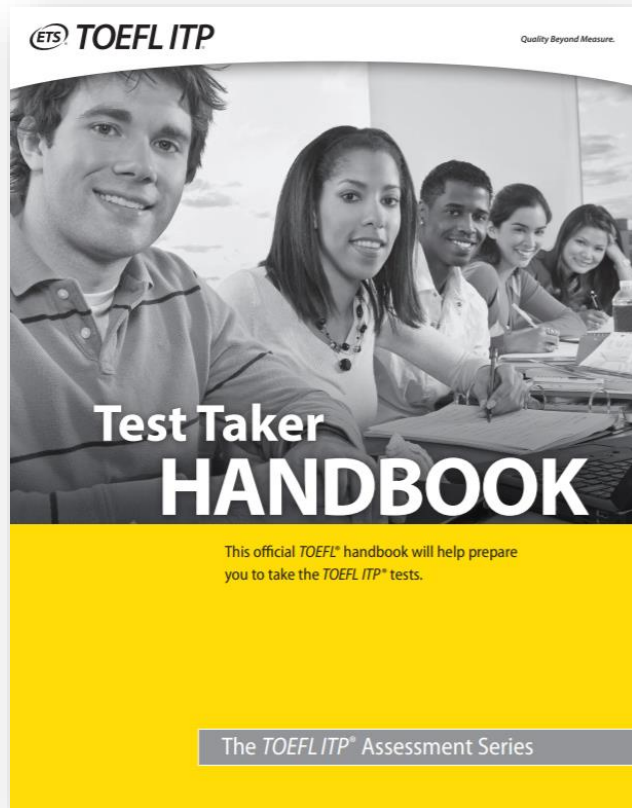

- Windows® Operating Systems: Windows 8 or later versions
- Windows Web Browsers: Internet Explorer® 9.0 (TLS 1.1 must be enabled), Edge, Google Chrome™, Firefox® (support limited to current version, plus one previous version due to forced automatic updates)
- Mac® Operating Systems: Mac OS x 10.9
- Mac Web Browsers: Safari® 7, Google Chrome, Firefox
- iPad® support requires iOS 9 or later on an iPad 2 or newer version
